## **DETAILED ACTION**

### ***Response to Amendment***

The Amendment, filed on May 27, 2005, has been entered and acknowledged by the Examiner.

Cancellation of claims 1-15, 24 and 25 has been entered.

Claims 16-23 are pending in the instant application.

### ***Allowable Subject Matter***

Claims 16-23 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claims 16-18, 20 and 22, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 16, and specifically comprising the limitation of introducing a gas containing carbon into the sealed atmosphere, depositing carbon on an electro-conductive member disposed on the surface of the substrate, and exhausting the gas containing carbon introduced into the sealed atmosphere during heating of the chamber, after the depositing of the carbon, wherein the chamber is heated before the introducing step, and wherein the introducing of the gas containing carbon is performed while exhausting the sealed atmosphere formed by the chamber.

Regarding claims 19, 21 and 23, claims 19, 21 and 23 are allowable for the reasons given in claims 18, 20 and 22, because of their dependency status from claims 18, 20 and 22, respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
